Nursing Research Consultant
Children's National
Washington, DC USA

Dear Dr. Feetham/Suzanne,

It is my pleasure and honor to inform you that I/we (i.e., the IFNA Board of Directors) is creating the Inaugural President's Award for Lifetime Distinctive Contributions to Family Nursing. Your influence on family nursing is truly immeasurable and validated most notably through your long-standing work in research, policy, and publications, your mentorship of generations of nurses, and your engagement in professional organizations, specifically IFNA.

This special award honors your pivotal role in the development of family nursing scholarship, and generous support of countless family nurses.

Warm regards,

June

June Andrews Horowitz
IFNA President (and on behalf of the IFNA Board of Directors)
